## Who We Are

Founded in 1951, the International Astronautical Federation (IAF) is the world's leading space advocacy body with 282 members from 64 countries on six continents including all leading agencies, space companies, societies, associations, universities and institutes worldwide.

Following its theme "A space-faring world cooperating for the benefit of humanity", the Federation advances knowledge

about space, fostering the development and application of space assets by advancing global cooperation.

As organiser of the annual International Astronautical Congress (IAC) as well as other thematic conferences and workshops, the IAF actively encourages the development of astronautics for peaceful purposes and supports the dissemination of scientific and technical information related to space.

## What We Do

### PROMOTING COOPERATION

The Federation's International Astronautical Congress, the IAF Global Networking Forum and various committees provide unique collaborative platforms for experts from space agencies, industry and research

### RECOGNISING ACHIEVEMENTS

The Federation's prestigious awards are presented annually to individuals who have distinguished themselves in the global space community

### ADVANCING INTERNATIONAL DEVELOPMENT

The Federation is building a future of cooperation, development and international friendship, bringing together experts from experienced and emerging space nations alike

### RAISING AWARENESS

The global network of the Federation and its dedicated publications help to promote the public appreciation of space activities worldwide

### SHARING KNOWLEDGE

The Federation has many well-established channels to disseminate information within its global network and the wider space community

### PREPARING THE WORKFORCE OF TOMORROW

To nurture new talent, the Federation has many activities for students and young professionals to facilitate their attendance at IAF events and connect them with senior experts

## IAF Technical & Administrative Committees

IAF Committees are at the heart of IAF's work. While the Technical Committees, composed of space experts, focus on defining the technical programme of the International Astronautical Congress, the Administrative Committees provide specialised advice and recommendations to the IAF Secretariat, Bureau and General Assembly.

If you are interested in joining a committee, please contact the IAF Secretariat ([info@iafastro.org](mailto:info@iafastro.org)).

### Technical Committees

- >> Astrodynamics Committee
- >> Commercial Spaceflight Safety Committee
- >> Committee for the Cultural Utilisation of Space (ITACCUS)
- >> Committee on Integrated Applications
- >> Committee on Near Earth Objects
- >> Committee on Space Security
- >> Earth Observations Committee
  - >> Subcommittee on the Global Earth Observation System of Systems
- >> Entrepreneurship and Investment Committee (EIC)
- >> Human Space Endeavours Committee (Human Spaceflight Committee)
- >> Knowledge Management for Space Organisations
- >> Materials and Structures Committee
- >> Microgravity Sciences and Processes Committee
- >> Space Astronomy Technical Committee
- >> Space Communications and Navigation Committee
- >> Space Education and Outreach Committee
  - >> Student Activities Subcommittee
  - >> Global Workforce Development Subcommittee
- >> Space Exploration Committee
- >> Space Life Sciences Committee
- >> Space Operations Committee
- >> Space Power Committee
- >> Space Propulsion Committee
- >> Space Systems Committee
- >> Space Transportation Committee
- >> Space Economy Committee

### Administrative Committees

- >> Committee for Liaison with International Organisations and Developing Nations (CLIODN)
- >> Congress and Symposia Advisory Committee (CSAC)
- >> Finance Committee
- >> Honours and Awards Committee
- >> IAF/IAA/IISL Advisory Committee on History (ACHA)
- >> IAF Regional Groups
- >> Industry Relations Committee

## How to join us

### Membership Benefits

#### WORLDWIDE VISIBILITY

- » Your organisation's profile and news on the IAF website
- » Your organisation's latest developments and events featured in the IAF newsletter, sent to almost 30,000 contacts worldwide
- » Visibility in IAF promotional and IAC-related publications, e.g., Congress Call for Papers and Second Announcement

#### GLOBAL NETWORKING

- » Access to a global network of potential business partners, experts and decision-makers
- » Opportunity to promote your organisation and attract future workforce at events for students and young professionals
- » Privileged access to the IAF Global Networking Forum, such as roundtables dedicated to your main focus of interest

#### SHAPING THE FUTURE OF THE IAF

- » Eligibility to join IAF administrative and technical committees
- » Eligibility for partnership in organising and developing IAF events and projects
- » Eligibility to nominate IAF Officers candidates for IAF President and Vice-President positions
- » Vote in the IAF General Assembly

#### SHAPING THE IAC

- » Access to members-only meeting facilities
- » Influence the IAC programme
- » Submit plenary event and keynote lecture proposals
- » Discounts on exhibition space
- » Eligibility to host an IAC

#### RECOGNITION

- » Opportunity to nominate candidates for IAF Awards
- » Recognition of member organisations' achievements in IAF e-communications

#### FINANCIAL BENEFITS

- » Discounted rates for IAC registration and exhibition
- » Unlimited complimentary access to the IAC Paper Archive with more than 22,000 manuscripts

## How to Become a Member

Membership in the IAF is open to all companies and organisations working in space-related fields.

If you are interested in becoming a member, please complete the "Application for IAF Membership" form and send it together with your company's by-law, statutes and any other relevant material to:
