**With regard to the notice currently in question, published on the website of the University on 26.03.2013, the following item:**

### **Art. 3 – General Requirements**

Eligible candidates must have possession of the scientific – professional curriculum suitable for the conduct of research, excluding those listed in art. 22 comma 1, of the Law 240/2010.

PhD degree or equivalent qualifications obtained abroad together with scientific production will be considered preferential. Non-Italian citizens from EU countries must hold a qualification recognised as equivalent on the basis of international agreements, or as described by art. 332 of the "Testo Unico" dated 31/8/1993, n. 1592. This equivalence should be demonstrated by suitable certification issued by the competent authorities.

*ALTERNATIVELY* qualifications obtained abroad that are not considered equivalent, according to the current legislation, will be evaluated by the selection committee only for the aims of this selection and should be translated, legally certified and have a declaration of value issued by the appropriate Italian diplomatic Authorities and attached to the application, also as photocopies.

Candidates should have these requisites before the deadline for the submission of the applications.

**is canceled and replaced by the following item:**

### **Art. 3 – General Requirements**

Eligible candidates must have possession of master degree in Medical Biotechnology and of the scientific - professional curriculum suitable for the conduct of research, excluding those listed in art. 22 comma 1, of the Law 240/2010.

PhD degree or equivalent qualifications obtained abroad together with scientific production will be considered preferential.

Non-Italian citizens from EU countries must hold a qualification recognised as equivalent on the basis of international agreements, or as described by art. 332 of the "Testo Unico" dated 31/8/1993, n. 1592.
